

## **Product Highlights**

#### 3G Mobile Broadband

Latest 3G HSPA+ mobile connectivity lets you take your broadband connection with you wherever you go<sup>4</sup>

#### **Plug and Play**

With built-in drivers and software, you can simply connect to your computer to have instant mobile Internet access and SMS functions

#### **Compact Design**

Compact USB adapter with internal antenna, no need for additional power or cables

## **DWM-157**

# 3G HSPA+ USB Adapter

#### **Features**

#### Connectivity

- HSUPA/HSDPA/UMTS and GSM/GPRS/EDGE networks
- Maximum download speeds of up to 21.6 Mbps and upload speeds of up to 5.76 Mbps¹
- SIM/USIM card slot
- Micro SD card reader for additional storage function

#### Support

- MicroSD card reader for external storage<sup>2</sup>
- SMS Manager PC, Phonebook applications
- Automatic software/driver installation

The DWM-157 3G HSPA+ USB Adapter allows you to enjoy a fast mobile broadband connection on your notebook or computer, whether you are at home, in the office, or traveling. The device allows you to connect to any 3G mobile broadband networks worldwide<sup>4</sup>. With a fast and convenient mobile connection at your fingertips, you don't have to worry about losing your Internet connection when you leave home.

#### **Optimal Performance**

The DWM-157 3G HSPA+ USB Adapter supports the latest Evolved High Speed Packet Access (HSPA+) 3G technology, which boosts the maximum download speeds to up to 21.6 Mbps and uplink rate to 5.76 Mbps, helping to reduce latency to give you the best mobile Internet experience. The technology is backwards compatible with 3.5G, 3G, and 2.5G, allowing you to connect from a variety of mobile broadband connections from around the world<sup>4</sup>.

#### **Effortless Installation**

Device drivers and software are pre-loaded onto the 3G HSPA+ USB Adapter, making installation quick and easy without requiring you to use an installation CD. The DWM-157 is compatible with both Microsoft Windows (7/Vista/XP SP2) and Apple Mac OS (10.6 or later). With the included software, you can access any telephone numbers or messages stored on the SIM/USIM card.

### **Practical Portability**

The DWM-157 doubles as a microSD card reader for removable storage, allowing you to take and use both your network connection and data whenever and wherever you want. Since the device does not require batteries, cables, or any additional hardware, it slips right into your pocket and is easy to carry around on trips or holidays.

### **Share Your Mobile Internet**

Share your high speed mobile Internet by connecting the DWM-157 to a D-Link SharePort Go portable router or other compatible D-Link routers. Please refer to www.dlink.com for more information on compatible products.

# DWM-157 3G HSPA+ USB Adapter

Technical Specifications		
General		
Device interface	• USB 2.0 port	USIM slot: Standard 6-Pin SIM card interface
Data rates <sup>1</sup>	Download: 21.6 Mbps	• Upload: 5.76 Mbps
Antennas	Internal antenna	
GSM Band (GSM/GPRS/EDGE)	• 850/900/1800/1900 MHz • Power Class 4 (850/900 MHz)	• Power Class 1 (1800/1900 MHz)
UMTS/HSUPA band <sup>3</sup>	• 850/2100 MHz or 850/1900 MHz or 900/2100 MHz	• Power Class 3 (+24 dBm)
MicroSD card reader	Supports standard microSD cards up to 32 GB	
SMS	Circuit-switched (GSM)	
SMS manager	Read/write/reply/forward/delete text messages Manage save location for text messages	Save sender's number to the phone book Access to inbox, outbox, and draftbox
Phonebook	Create/edit contacts Create/edit groups	Send/save text messages Export contacts to PC as vCard type or CSV file
Minimum system requirement	Microsoft Windows 7/Vista/XP SP2	Apple Mac OS 10.6 or later
Physical		
LED indicator	Red LED: error, no SIM Green LED (solid): registering on network Green LED (blinking): connecting to network	
Dimensions	• 89.2 x 25.9 x 10.7 mm (3.5 x 1.0 x 0.4 inches)	
Temperature	• Operating: -10 to 45 °C (14 to 113 °F)	
Humidity	Operating: 10% to 90% non-condensing	Storage: 5% to 95% non-condensing
Certifications	• CE	• FCC

Data rates are theoretical. Data transfer rate depends on network capacity and signal strength.
SD card not included.
Supported frequency band is dependent upon regional hardware version.
Please check regional mobile operators for 3G HSPA+ mobile Internet availability.
