INSTALLATION AND TEST PROCEDURE FOR FCO PC4XV-F001

Installation Procedure:

```

*****
*                               C A U T I O N                               *
* Before proceeding, make sure that all power to the monitor            *
* is disconnected (Turn the power switch to the "off" position,          *
* and unplug the power cord from the outlet).                            *
*****

```

Tools Required: None

- 1) De-install the A01 monochrome monitor as follows:
 - o Turn the power switch off.
 - o Unplug the power cord from the monitor.
 - o Remove the video cable.

- 2) Install the new B01 monochrome monitor as follows:
 - o Plug in the video cable.
 - o Plug in the power cord.
 - o Restore power to the unit.
 - o Boot the DECstation and ensure the monitor displays the boot information.

- 3) Place the A01 monitor in the shipping box that the B01 came

in, and return to Digital.

4) Update Lars as per example on Page 3.
